Salamanca

Corner Sofa — Left

Designed by Henrik Pedersen · Est. 1952

A low 'floating' sofa with 1970s bohemian warmth. Dual-density foam at 112 cm depth, moveable down-feather back cushions, slim matt-black tubular steel legs. Modular and customisable in 120+ fabrics.

SPECIFICATIONS

DIMENSIONS	328W × 215D × 94H cm · Seat: 45 cm
WEIGHT	160 kg · Max Load: 125 kg
FRAME	Solid Pine + Particleboard + Plywood + Hardboard
SEAT FOAM	HR 35 kg/m³ (firm) + PU 23 kg/m³ (soft) + Wadding
BACK FILL	Polydown — 50% Foam + 50% Down & Feathers
LEGS	Matt Black Lacquered Steel Tubular · 9.5 cm
FABRIC	100% Polyester · 120+ Options Available
SPRINGS	Nozag Sinuous Steel (No-Sag Technology)

WHY SALAMANCA

112 cm seat depth — far deeper than standard sofas (55–70 cm). Built for lounging.

Dual-density foam — firm HR base + soft PU top. No flat spots after years of daily use.

Real down-feather backs — moveable, removable. Rearrange for any sitting mood.

No-sag Nozag springs — sinuous steel (not webbing). Won't sag with family use.

Fully modular — buy modules separately. Reconfigure when you move or redecorate.
